1. The investment option, Glidepath, was introduced on 1 October 2015. As a result, returns are reported from that date.

2. For Gateway only: From 1 July 2015 to 30 September 2015, these options were called Aggressive Choice, Growth Choice/Growth Essentials, Balanced Choice, Conservative Choice and Cash Choice respectively.

3. Due to a system error, these returns were originally reported incorrectly. For the period 1 to 7 July 2015, the returns were reported as Conservative (0.23%), Balanced (0.37%), Growth (0.36%) and Aggressive (0.47%).

* Because the end of the 2015/2016 financial year falls within a weekly period, credited interest rates are declared for the period from the beginning of the week to 30 June. Separate credited interest rates are then declared for the period from 1 July to the end of the week.

For some members in a Qantas Super defined benefit division, investment choice is not available on some or all of their accumulation accounts. Instead, the returns applied to those accumulation accounts are calculated based on the returns of Qantas Super's defined benefit assets.
