

Step 2 – Make your investment choice for your current account balance

You can choose one investment option or any combination of the six available investment options to apply to your current account balance for an income policy in your Income Account in Gateway.

All switches are processed effective the first Wednesday following the date your request is received. The Trustee may suspend processing of investment switches during times of investment market volatility or illiquidity.

I'd like to change my investment options as follows:

Investment option	Current account balance		
	% to be invested		
Glidepath	<input type="text"/>	<input type="text"/>	<input type="text"/> %
Aggressive	<input type="text"/>	<input type="text"/>	<input type="text"/> %
Growth	<input type="text"/>	<input type="text"/>	<input type="text"/> %
Balanced	<input type="text"/>	<input type="text"/>	<input type="text"/> %
Conservative	<input type="text"/>	<input type="text"/>	<input type="text"/> %
Cash	<input type="text"/>	<input type="text"/>	<input type="text"/> %
TOTAL*	1	0	0 %

* Please ensure the total adds to 100% otherwise this form will not be processed and your investment allocations will remain unchanged until this is corrected.

Step 3 – Make your investment choice for the drawdown of your regular income payments

You have two options when deciding which investment options should fund your regular income payments for your income policy in an Income Account in Gateway:

Option 1: Proportionate drawdown (default)

Income payments will be drawn proportionately from each of your investment options.

Option 2: Priority drawdown (specified below)

You can choose the order in which we deduct regular income payments from each investment option. We will draw down from your first nominated investment option until it is depleted, and then continue drawing your income from your second nominated investment option, and so on.

For example, if you nominate your drawdown order as 1 for Balanced and 2 for Cash, we will firstly deduct your regular income payments from the Balanced investment option. Once the Balanced investment option is depleted, we will start to deduct regular income payments from the Cash investment option.

You can choose from either option 1 or option 2, but not both.

If you do not advise us of your drawdown preference, option 1 will apply.

Investment option	Drawdown order of priority
	number 1 to 6 as required

Aggressive	<input type="text"/>
Growth	<input type="text"/>
Balanced	<input type="text"/>
Conservative	<input type="text"/>
Cash	<input type="text"/>
