Commencing an additional income policy

Commencing an additional income policy in your Income Account in Gateway

If you have an existing Income Account in Gateway and would like to add money to your account, you can do so by commencing a new income policy within your Income Account.

To commence a new income policy you need to rollover money from an existing super account in Qantas Super.

Prior to commencing your new income policy you can add money to your super account by:

- rolling over amounts you have in other super funds into your existing Qantas Super account; or
- if eligible, making a lump sum contribution into your existing Qantas Super account.

If you do not have an existing super account, you can as part of this form, request that a Super Account be opened for you in Gateway for the purpose of receiving funds as described above. (Please see Step 10 for more information).

The total amount transferred from your existing Qantas Super account will be used to start your new income policy in your Income Account. Once you have established your new income policy, you can at any time consolidate the income policies in your Income Account by completing the *Consolidating multiple income policies* form available on our website.

We recommend you seek advice from a licensed financial adviser before doing this. Please call the Qantas Super Helpline for more information.

For more information on commencing an additional income policy, consolidating multiple income policies or opening an Income Account in Gateway, refer to Qantas Super Gateway Product Disclosure Statement (Gateway PDS), available on our website or by contacting the Qantas Super Helpline on 1300 362 967.

- how much super you'd like to use to commence your additional income policy. Minimum is \$30,000 and there is no maximum. (Step 4)
- how you'd like your additional income policy invested. You can choose more than one investment option. (Step 5a)
- which of these investment options should fund your income payments (Step 5b)
- the frequency and amount of your regular income payments (Step 6)
- your bank account details. This is where we will deposit your income payments (Step 7)
- as you are accessing your super, we are required to ask you for proof of identity (Step 8)
- if you are less than 60 years of age, you will need you to complete a Tax File Number declaration (Step 9)
- if you need us to establish a Super Account in Gateway for you? (Step 10).

Once you've completed the form, please sign it (Step 12) and return it to Qantas Super, GPO Box 4303, Melbourne, VIC 3001.

¹ Refer to Step 3 of this form for more details.

Step 4 – Make your initial investment (a minimum of \$30,000 is required)

I wish to invest the following amount (which will be transferred from my super account in Qantas Super):

Amount to be invested

Total Initial Investment (minimum \$30,000)

\$

If you are investing both existing account balances in Qantas Super and amounts rolled over from another superannuation fund, the rollover amount will need to be received into your existing super account in Qantas Super, before your additional income policy in Gateway can be opened.

Should you wish to split your super contributions with your spouse for the current or previous financial years, you will also need to complete and return a *Contribution splitting* form. Note that contribution splits cannot be processed after your transfer to commence this additional income policy has been made so it is important that any split request is lodged along with (or prior to) these payment instructions.

A copy of the *Contribution splitting* form can be obtained by calling the Qantas Super Helpline on 1300 362 967 or you can refer to our website www.qantassuper.com.au.

Note: If you do not have an existing super account in Qantas Super, you can request that we establish one for you, for the purpose of commencing an additional income policy in your existing Income Account in Gateway. **Go to Step 10.**

Step 5a – Make your investment choice for your initial investment

You can choose one investment option or any combination of the six available investment options to apply to your initial investment for your additional income policy in your Income Account in Gateway.

If you don't make a selection, this form will not be processed, resulting in your application being delayed.

If you're unsure which investment options best suits your needs, we recommend you speak to a licensed financial adviser. Refer to the *Investment Guide* for Qantas Super, available on our website, for details about the investment options available.

I wish to have my initial investment allocated in the following investment options:

Investment option	Current account balance		
	% to be invested

Cash	<input type="text"/>	<input type="text"/>	<input type="text"/> %
TOTAL*	1	0	0 %

* Please ensure the total adds to 100% otherwise this form will not be processed and your application will be delayed.

Step 5b – Make your investment choice for the drawdown of your regular income payments

You have two options when deciding which investment options should fund your regular income payments for your additional income policy:

Option 1: Proportionate drawdown (default)

Income payments will be drawn proportionately from each of your investment options.

Option 2: Priority drawdown (specified below)

You can choose the order in which we deduct regular income payments from each investment option. We will draw down from your first nominated investment option until it is depleted, and then continue drawing your income from your second nominated investment option, and so on.

For example, if you nominate your drawdown order as 1 for Balanced and 2 for Cash, we will firstly deduct your regular income payments from the Balanced investment option. Once the Balanced investment option is depleted, we will start to deduct regular income payments from the Cash investment option.

You can choose from either option 1 or option 2, but not both.

Step 5b – Make your investment choice for the drawdown of your regular income payments (continued)

If you do not advise us of your drawdown preference, option 1 will apply.
